Rope Inspection Kit

LIEBHERR

Your benefits from the Liebherr Rope Inspection Kit

Professional monitoring

The proper working condition of ropes and rope sheaves is essential for a safe and effective operating environment. Regular monitoring is indispensable in order to maintain these high standards.

The Liebherr Rope Inspection Kit includes all necessary tools and equipment for professional monitoring.

Modular, flexible and mobile

The Liebherr L-Boxx ensures high flexibility and mobility, as well as simplicity in your daily service routine. The Rope Inspection Kit is compatible with various other service kits from Liebherr, and thanks to the patented click system, can be quickly connected/disconnected and effortlessly transported to site.

Long service life

Our tools are manufactured according to Liebherr's high quality standards and therefore promote a long service life of your machine.
